

GABRIEL KHOURI

gkhourii@umich.edu | Ann Arbor, MI | gabekhour.com

EDUCATION

University of Michigan | Ann Arbor

May 2026

Bachelor of Science in Computer Science (GPA: 3.55/4.0)

- ❖ **Coursework:** Data Structures and Algorithms, Computer Security, Software Engineering, Web Systems, Computer Organization, Discrete Math, Statistics and Data Analysis, Microeconomics, Computer Networks, Intro to Urban and Environmental Planning

SKILLS

Programming: C/C++, Python, SQL, PHP, Java, Kotlin, JavaScript, TypeScript, HTML, CSS, R, Bash, MDX, Assembly (LELv8)

Tools & Technologies: VS Code, Linux, Microsoft Office, ArcGIS Pro, Docker, GitHub, Oracle VirtualBox, React, Azure, AWS

WORK EXPERIENCE

University of Michigan - Radiological Health Engineering (RHE) lab | *Research Assistant Temp*

May 2026 - Present

- ❖ Developed the data pipeline for the Radiation Weather Station (RWS) project to collect environmental radiation and sensor data
- ❖ Integrated web interface with a hosted ssh environment to ensure reliable system operations of continuously updated datasets
- ❖ Organized and modernized legacy Python codebases using PHP to restore full SQL database functionality and data flows

University of Michigan - AI Micro-Datacenter lab | *Research Assistant*

July 2026 - Present

- ❖ Designed a small-scale AI data center composed of Raspberry Pi nodes and a high-performance network topology
- ❖ Implemented load balancing to support LLM workloads and observe impacts on latency, throughput, and resource efficiency.
- ❖ Contributed to building reusable infrastructure and documentation for future courses and research

Equitable Ann Arbor Land Trust | *Real Estate Development Consultant*

June 2025 - May 2026

- ❖ Collaborated with interdisciplinary teams to propose affordable transit-oriented developments in the city of Ann Arbor
- ❖ Created financial models in Excel to calculate gross buildable square footage of proposed housing complexes
- ❖ Cartographically represented floodplain data using ArcGIS Pro to communicate viable development zones to stakeholders

Joyson Safety Systems | *IT Support Co-Op*

May - August 2023

- ❖ Delivered desktop support to employees in a high-demand, networked environment, ensuring minimal downtime
- ❖ Prioritized and resolved employee service tickets to efficiently maintain laptops, printers, and other essential office equipment.
- ❖ Upgraded and refurbished over 30 employee laptops using salvaged hardware components to support cost-effective operations.

City of Birmingham, Michigan | *Policy Analyst Intern*

May - June 2022

- ❖ Presented research to the City Manager for the initial draft of the city's 2040 sustainability plan
- ❖ Coordinated with transportation departments leads to determine optimal electric vehicle charger locations within budget
- ❖ Designed and deployed an online survey gauging public input on sustainability priorities and electric vehicle parking

Applicom FZ-LLC | *Cloud Engineering Intern*

July - August 2021

- ❖ Managed a company virtual machine using Microsoft Azure to service a client's operational IT infrastructure needs
- ❖ Developed SQL queries for a Java REST-API to periodically resize the virtual machine's processor
- ❖ Optimized server maintenance costs by reserving maximum processing power for high-traffic business hours

PROJECT EXPERIENCE

Jammr | *Musician-Centered Networking App*

Aug 2025 - Present

- ❖ Designed a streamlined and centralized platform for musicians to collaborate, form bands, and professionally network
- ❖ Implemented React TypeScript frontend to facilitate intuitive filter-based search and discovery of musicians

Data-Driven Democracy | *Hackathon Team Project*

Mar 2025

- ❖ Built a Python-based web application to visualize and track democracy indices for the 2025 Data-Driven Democracy Hackathon
- ❖ Analyzed and ranked countries using the V-Dem democracy dataset to highlight trends in global democratic institutions
- ❖ Led task delegation by aligning assignments with team members' strengths, fostering collaboration and maximizing productivity

VOLUNTEERING & LEADERSHIP

High Atlas Foundation | *Nonprofit Consultant*

Sept 2023 - April 2024

- ❖ Assisted in post-earthquake recovery efforts in Morocco by developing targeted Google Ads to raise international awareness and donations, facilitating the provision of additional emergency relief to affected communities
